Assignment No. 10 – BUSC 119E

Determine how you will write the word parts, prefixes, and suffixes of the words that you will realtime. Add them to your job dictionary called “Medical.” Now that you have had some experience in putting together medical words, you should start to see word parts in medical words. Test your entries by realtimeing the words on the next page. If something doesn’t translate, make any corrections. Then retranslate the job.
